

PIANO ACOUSTICS

We are all born with an ability to focus. But as much as we would like to retain that skill forever, life itself proves to be very loud, colourful and sometimes just too interesting for us to be able to avoid distractions forever. Being able to concentrate is something we need to fight for, especially in open offices. And the best weapon for winning that fight is not stronger coffee or cooler office perks, it's offering your employees a real chance to focus.

PIANO FORTE ACOUSTIC SCREENS

Slide on desk dividing screens are available in a choice of orange or silver grey acoustic felt material to allow employees to define their own boundaries and provide an additional barrier to help prevent the spread of airborne diseases. They are available as one size to clip on and rest on desktops, table tops and workstations to negate the need to reconfigure existing spaces by applying appropriate distance between people.

Frameless design which is easy to attach and slide on to any desk or table

Slide-on dividers can easily be moved to compliment the needs of the agile workspace

Perfect to provide privacy, acoustic properties and a touch of style to your workstation

Acoustic divider manufactured using a minimum of 65% already recycled waste material

Can clip under Saxon table when not in use

PIANO SOLO

The Piano Solo phone booths provide workers with a private acoustic space to make personal phone calls or one-to-one video conferencing. These sturdy single person pods come complete with a standing height table top which provides space for laptops or notebooks if necessary. Piano Solo is designed to keep noise from the outside out, while also enclosing the user to prevent them from distracting others.

Offers a high degree of personal privacy with acoustic properties

Ideal when making phone calls and video conferencing away from the desk

Solves the lack of private areas in noisy open plan offices offering privacy

Specifically designed to enhance acoustic comfort in the workplace

SOCIAL SPACES

The Piano Keys Screen is a breakthrough alternative to traditional floor screens that is changing everything - from the minds of office planners to the hearts of designers. The free-standing screen is made up of three individual acoustic blinds which stand on a sturdy base plate. The fabric covered acoustic panels rotate fully 360° to provide visual protection when closed, or open the space up at any given time.
