Home workstation

KYOTO

Home workstation

Just because space may be short in the home for a dedicated workspace, that doesn't mean you can't create a fab inspiring home office. Choose a fun Scandinavian vibe with our modern Kyoto workstation with black frame and Summer Oak worktop and upstand to create a calming, contemporary style. This home office desk makes a quirky, stand-out piece and all you'll need to do is pull a chair so you're ready to tackle a day's work.
