

ACCESSORIES

While technology allows us to stay connected, we also understand that providing you with the right furniture accessories to make working from home easy and safe is equally as important, and we have plenty of home office furniture solutions available to create an inspiring area to work with space saving monitor arms, desk converters which allow you to sit and stand throughout the day, plus power units to keep the work area tidy and uncluttered.

MONITOR ARMS

Monitor arms provide smooth and effortless adjustments which can be tailored to the user's exact needs, allowing them to sit more comfortably at their home office desk whilst reducing lower neck pain, eye, and back strain due to incorrect monitor positions.
