

*Saving The Lives Of Lost Dogs*

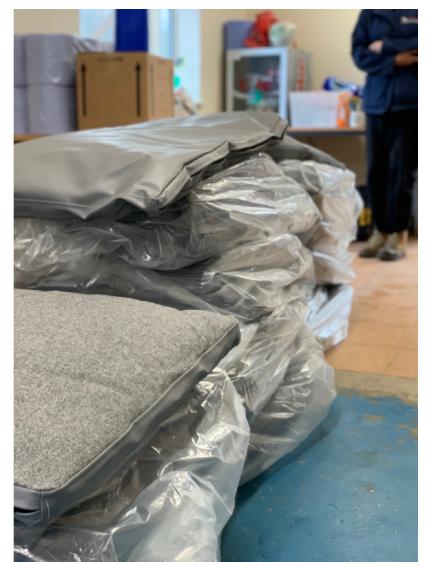

On behalf of Merseyside Dogs Home we would like to thank everyone for their support over the last year in raising funds to purchase much needed supplies as well as in the design and manufacture of dog beds for this fantastic charity. Merseyside Dogs Home is run by a fantastic team of volunteers guided by Barrie whose key objective is to take in dogs that have been abandoned on the streets of Merseyside, re socialise them and find them loving new homes.

Without this great local charity some 2854 dogs would not be with us today.

Dams donated 30 newly made dog beds and much needed supplies such as dog food, toys and cleaning equipment to help in the running of the charity.

The dog beds were made by our skilled upholstery team using waste material, avoiding land fill and making brilliant beds for dogs of all sizes. Food and supplies were purchased through the money raised over the last 10 months.

If anyone is looking to adopt a dog please visit Merseyside dogs home.

Finally I would like to introduce you to a new dog to the centre, this lurcher was rescued last night in the Liverpool area. He is energetic and full of life although slightly under weight. He has been given the name DAMS and is waiting for a new home.
