

//HOW TO USE.

The Flux modular shelving system epitomises the future of adaptable, modern design. The crisp, clean aesthetic of the black frame allows you to break up the workplace landscape while bringing together a wide range of complementary components and products – and, never compromising on design.

“ Each Flux configuration starts with a starter unit – which can be single or double wide and up to 5 high. Then simply add your add-on units & accessories to suit your needs. ”

“ Customise your Flux units by adding shelves, cubbies or planters. The possibilities are endless. ”

//GREY or KENDAL OAK.

//FLUX

//CREATE.

Flux has a capacitor for an infinite number of layout options and shapes to help create work zones in any space to promote privacy or transparency as needed. Totally re-configurable, the cube-shaped units allow you to adapt the size and shape of your storage as your workspace changes.

//ADD.

Flux is a modular grid based shelving and storage system for today's office environments, designed with modularity and flexibility as the core feature. Simply add units to suit any space, with connecting brackets available to securely fix the units together for added strength and stability.

//FLUX

//DESIGN.

Versatility is essential in today's ever evolving workplace, and thanks to Flux's modular design there are limitless possibilities for the creation of collaborative, agile and flexible work zones. Create the perfect storage solution with the addition of wooden components to add a new dimension.

“ Customise your Flux with a mixture of shelves, cubbies and planters in a choice of Grey Oak or Kendal Oak ”

//PLAN.

// DIVIDE.

The Flux system enables enclosed zones to be created for additional privacy and division. It's modular design is ideal for dividing open plan offices into reconfigurable and flexible work areas without the need for fixed partitions, encouraging fluid and agile working practices to suit the modern way of working.

//ADD your INTERNALS.

//BIOPHILIC.

Being indoors for most of the working day, we need to increase our connectivity to the natural environment. By using green design elements, offices can be transformed into healthy spaces.

//PLANTS.

//SIT.

In keeping with the modular design of the Flux storage system, the fully upholstered cube seat is also a colourful and modern addition that can be adapted to and enhance any workspace.

//PRESENT.

Gather a team around a video presentation or start a brainstorming session with the triple wide media unit. Complete with a TV bracket on one side and a whiteboard on the other.

//RELAX.

Add a comfortable perch in the workplace while still providing a divide between walkways and other areas with the 3 sided seating unit. Made-to-order in any fabric to match your interior design.

#19.

//BESPOKE.

Ample storage, good design, and countless configurations make modular shelving a favourite investment. With our wide selection of surfaces, upholstery and intelligent storage solutions, you can adapt the design of Flux to suit any space, allowing you to bring a touch of personality and style to any workspace.

//MEET.

Fulfil your storage needs and create a stylish office space with a system that enables semi-enclosed work zones created for additional privacy and division. This combined solution provides a high-level meeting point with optional storage solutions for a truly agile combination for the modern office.

//ADAPT.

You can easily build, adapt, re-shape and add to your Flux set up so it will always be the perfect fit for your space. Flux modular shelving makes the most of its compact footprint by reaching skyward and creating five levels of stylish, functional storage space, making it a fitting addition to any workspace.
