# PRIVA

[PRE-VA] LATIN

PRIVATE, SEPARATE, SINGLE

We are all born with an ability to focus. But as much as we would like to retain that skill forever, life itself proves to be very loud, colourful and sometimes just too interesting for us to be able to avoid distractions forever. The Priva range of modular floor standing screens and solo workstations have been designed to offer your employees a real chance to focus, or to hold meetings in private with minimal noise and distractions.

# PRIVA MODULAR SCREENS

- Aid concentration, reduce noise pollution and even prevent sickness from spreading
- Design can be easily extended with numerous configurations to suit any office layout
- A cost effective solution to maximising space in the office and wider workplace

## Surround Screens

Create space division and reduce transfer of pathogens by adding divides around areas

PRV-SQ02

PRV-SQ01

PRV-HX01

Priva modular floor screens are designed to be used in dynamic groups as well as repeated in rows of screens. Whether it's a touchdown area, collaborative space, personal workstation or a private office, Priva surround screens make it easy to create unique, inspiring and functional spaces, offering a robust partition solution with black metal feet, making them ideal for absorbing sound in open plan office environments.

# PRIVA MODULAR SCREENS

- Create space division, reduce transfer of pathogens by adding dividers around areas
- Modular screen can be added in centre of straight sections to create runs of screens
- Clean, modern design with two-tone fabric trim options to complement any interior

## Modular Screens

Clean modern design that are easy to assemble and reconfigure when needed

PRV-DL01

PRV-MOD8

PRV-WV01

Priva modular floor standing screens are not only colourful and modern additions to the office aesthetics, but also deliver a large array of functional design solutions for every work style and preference. Priva screens are robust, visually inspiring and offer great sound absorption, especially in open plan offices where they can help squelch the noise levels associated with teams and departments working in the same large workspace.

# PRIVA SOLO WORKSTATIONS

- Retreat offering visual and acoustic privacy in open plan office environments
- Ideal for private phone calls or as a quiet place to work for focused tasks
- White table tops with scalloped cutouts for effective cable management

## Rectangular Workstations

Work pods available in 2 sizes with a study pod for concentrated work

Too much interaction and not enough privacy has become a real issue for employees who need to concentrate or just take a break during the working day. Priva workstations bring a new level of flexibility to the office with versatile, individual cubicles to suit all working styles. Priva Rectangles are high tiered square booths designed to provide a high level of acoustic and visual privacy.

# PRIVA SOLO WORKSTATIONS

- Angled workstation pods, 2 sizes with a study pod ideal for concentrated work
- Individual workspaces offering more enclosed privacy when arranged the right way
- Angles workstations break the “square-cube” stereotype and add a fresh look

## Angled Workstations

Individual workspaces which can be arranged in a dynamic configuration

The loss of private space and an inability to concentrate in an open plan work area has inspired the design of the Priva angles workstations which can be configured to specific needs and support individual work zones. The rich repertoire of geometric shapes can be positioned to suit defined spaces, allowing individuals to concentrate and complete focused tasks in a private space within the workplace environment.
